

Access skilled and experienced Geoplan professionals as a short-term, on-demand service with 'by the hour' pricing and flexible billing.

At Geoplan we understand that at times like these it can be difficult for companies to move forward in applying spatial intelligence to their business challenges.

The Geoplan Interim Staffing service offers you short term assistance – extra help where and when you need it, provided by a trustworthy and experienced company with over 25 years of experience.

The **Geoplan Interim Staffing Service** provides access to our team of GIS Consultants and Developers, but available as a short-term, on-demand service with 'by the hour' pricing and flexible billing.

We can take care of a wide variety of work, from smaller scale jobs through to full spatial, demographic and mapping projects.

We're totally professional in everything we do and committed to the same high quality that you have come to expect from Geoplan.

We can provide extra resource for your mapping projects, augmenting your team on-site if required.

Time to call the handyman?

The Geoplan Interim Staffing Service can help you in a range of circumstances:

- You have a staff or skills shortage – you may have experienced recent staff and budget cuts.
- You need to maintain the flow of crucial spatial analysis and information to your stakeholders.
- You carry out regular spatial analysis, but have non-standard work or short-term projects which can't be accommodated.

- You need help in identifying wasted resource in order to reduce business costs.
- You need to maintain momentum on your existing mapping projects or restart a stalled project.
