

Take control of your territories with this powerful and cost-cutting service – direct from Geoplan Consultants.

At Geoplan we understand that at times like these it can be difficult for companies to move forward in applying spatial intelligence to their business challenges. In these situations you need short term assistance – extra help where and when you need it, provided by a trustworthy and experienced company with over 25 years of experience.

Geoplan can provide Territory Optimisation Services which will allow you to save money servicing territories, setup or expand a franchise network, or optimise your field sales force.

The service is an affordable way of accessing improvements and cost savings previously only available from large and expensive optimisation software.

With this service now available from **£1,525**, it may just be the answer that you have been looking for.

Who will benefit?

This service is beneficial to anyone who is interested in:

- Managing a large distributed field force – cut hours or even days off reorganisations.
- Reducing the time and cost spent travelling to service customers.
- Setting up or expanding a franchise network.
- Balancing workload across a set of territories.
- Identifying optimum base locations for hiring new field representatives.
- Reducing your number of sales representatives whilst maintaining service levels to customers.

Fast

- Results are generally available within 5 working days of your order.

What is provided?

A typical optimisation project comprises the following:

- Optimisation services using Geoplan Territory Manager – worth in excess of £25,000.
- Feedback and adjustment session, where results are reviewed, tested against field knowledge and adjusted according.
- Report showing optimised territory structure along with totals, improvement statistics and charts.
- Before and after comparison of territory structure.
- Full-colour A4 PDF maps of each resulting territory.
- Excel spreadsheet listing the postcodes or accounts comprising each territory.

Your data

- We accept data in a variety of mapping and database formats including **Excel, CSV, Access, TAB, T2K, MIF/MID, E00, SHP** and **DBF**.

Partners

- We have strong partnerships with industry-leading data and software suppliers including: **Royal Mail, Ordnance Survey, Office of National Statistics, Tactician Corporation** and **TeleAtlas**.

Quality Guaranteed

- Geoplan is ISO accredited, working to the highest quality standards.
- Our people undergo continuous training and review to ensure that you receive the best service possible.
- You'll get your money back if not satisfied.

Payment

- The service starts from **£1,525** for a basic UK territory optimisation and output pack.
- Rates vary according to number or territories, coverage and detail.
- Flexible payment terms are available, including Credit Card.

What our clients have said...

"Quick response and excellent service"
(Weston Communications)

"I've always held your company in high esteem and whether it's support, training or customer management you continue to reinforce my view."
